Holyoke Community College and Westfield State Campus Organizer

HIRING: Immediate start career position available

Students have always been at the forefront of movements to build a better future for our country—from civil rights to voting rights to the environment. That legacy fuels the work of MASSPIRG Students on college campuses across the state, including right here in Western Massachusetts. We're currently hiring candidates for a full-time position as a Campus Organizer to work with college students at both Holyoke Community College and Westfield State University. Read on to learn more!

WHAT YOU'LL DO
As a Campus Organizer at Holyoke CC and Westfield State, you’ll train students on campus to give them the resources they need to make a difference on issues they care about. Organizers work side-by-side with student leaders and volunteers to run campaigns and represent our organization in the campus community by working in shared partnerships with faculty, staff, and other organizations. In addition, you’ll network in the local community by engaging with legislators, local leaders, reporters, and other community members. Lastly, you’ll help to strengthen our organization for the long-haul by building a strong, sustainable student-funded organization on campus and helping to run a citizen-outreach office in the summer months.

RECENT CAMPAIGN WORK:
MASSPIRG has a 47-year track record of winning concrete reforms for the environment and the public interest. We believe that college students don’t need to wait until graduation to make an impact, and that’s why we organize on college campuses. Recently, our student leaders and campus organizers at HCC and WSU have:

- Released a report with students and local legislators to highlight the importance of transitioning to a future powered by 100 percent clean and safe renewable energy.
- Helped Westfield State become a “bee-friendly” campus by advocating for more bee-friendly practices.
- Engaged students in democracy by helping more than 1700 Westfield State and 800 Holyoke CC students register to vote in the last decade.
- Trained a MASSPIRG student coordinator from Holyoke CC to write and publish a letter to the editor in the Hampshire Gazette to raise awareness about the high cost of textbooks and promote a switch to Open Educational Resources (OERs).
CURRENT CAMPAIGNS
Right now we’re working to:

- Increase youth participation in the 2020 election by helping campuses get ready to mobilize students to vote through our nonpartisan New Voters Project;
- Fight climate change by working to pass the Act for 100% Renewable Energy in the MA state legislature;
- Promote a zero waste society by banning single-use plastics locally and across the state and implementing on-campus programs for composting and reduced waste;
- Make textbooks more affordable by promoting the use of free, open educational resources on campus and...learn more here: MASSPIRGStudents.org
